HAIR & SKIN  
CARE CLINIC  
(425) 427-5163

## New products:

- Pro K cream to strengthen the small vessels that make our skin look red
- Visual changes medical line for all skin issues focusing on acne and rosacea.

## New Equipment:

- Cryoprobe: for those brown spots that just grow and grow ugh!
- Photo facial: clinical studies show this process does diminish rosacea, acne, wrinkles, blackheads, melia, and strengthens collagen production
- BHC Laser hair growth system: seeing nice results for stopping hair loss
- Tuning Fork facials: initiate the harmonics of the universe with this ancient art that is resurging as the cutting edge.

Did you know that people who take care of themselves, live longer, have less heart attacks and cancer and even have a lower divorce rate. Interesting!!

Thanks for your trust I have renewed my commitment to care for each of you as unique clients with success as the outcome. As usual I'm testing new products all the time, taking classes and offer you the privacy and loyalty that can only come from a personalized small clinic atmosphere.
